Can I use PIXIE dimmers, switches and timers without Bluetooth?

Dimmers · https://pixiepartners.com.au/support-docs/can-i-use-pixie-dimmers-switches-and-timers-without-bluetooth/

PIXIE dimmers, switches and timers operate from the wall plate as a traditional simple push-button dimmer, switch or timer.

Whilst they all come with Bluetooth® Mesh on board, you can always operate them directly from the wall too.
