Will PIXIE work with my mobile phone?

Installation · https://pixiepartners.com.au/support-docs/will-pixie-work-with-my-mobile-phone-2/

PIXIE works with both Apple (iOS) and Android devices.

Additionally there is an iPAD version for horizontal mounting on the wall. This horizontal mode is not available for Android devices at this time.

We recommend you mobile device is running the most recent software update available for your version to ensure smooth operation.
