Simple. Smart. Home.

Simple. Smart. Home

PIXIE is a smart home solution designed for Australian homeowners like you to experience the benefits of smart home technology without the huge expense of legacy home automation solutions.

Smart homes provide your family all the benefits of modern living, putting you in control of comfort, convenience, security, safety and energy savings.

Designed for Australian homes and wiring practices, PIXIE delivers total control of the smart home into the homeowner's hands with intuitive mobile Apps to setup, configure and control their home instantly.

Let PIXIE be your guide on your simple, smart home journey to a more sustainable, energy efficient lifestyle.

> You can start small with a few rooms and expand your smart home experience when budgets allow, or go all-in day one. With PIXIE, you choose.

PXE

Why Choose PIXIE.

Start small and grow, or go all in day one

Make your home smart, simply with PIXIE and PIXIE Plus

Complete control of your smart home from a choice of the PIXIE or PIXIE Plus apps on both iOS and Android devices.

The SAL PIXIE app delivers an intuitive in-home control experience, using the Bluetooth on your mobile devices to connect to your mesh of PIXIE devices installed.

The PIXIE Plus app adds advanced system capabilities, introducing voice control and remote monitoring options, with more sophisticated security setup for larger homes and families.

Connecting the PIXIE Gateway is your bridge to a truly connected home.

PX

Control your home with your Voice

Everyone can experience the convenience of hands free control with PIXIE.

PIXIE voice control is the ultimate in a modern smart home, without any of

Look for PIXIE Certified Electricians

PIXIE works with a whole lot of systems

Smart.

PIXIE Smart home technology increases the IQ of your home. Sophisticated control capabilities built into every smart Bluetooth® Mesh module, with the simplicity of standard light switches and the convenience of mobile app control for even smarter control options.

Smart enough to make it simple to use.

With PIXIE, homeowners can create new schedules and scenes using the the PIXIE apps; then edit, enable and disable these whenever desired, without having to call anyone to make these changes for them.

PIXIE Gateway

Simple.

It's simple to install and control via PIXIE Apps.

With no special wiring requirement and the PIXIE apps, everyone has control whilst at home, and upgrade to the PIXIE Plus app for a more intuitive user interface, security options and enhanced security and control capabilities, including out of home control.

PIXIE and PIXIE Plus Mobile Apps

Wall Plates, Wall Plates, Wall Plates

Often overlooked in smart homes system is the simplicity of a light switch on the wall, and the peace-of-mind provided to homeowners with this traditional interface.

PIXIE smart modules fit in to a wide range of popular Australian wall plates, ensuring you're always in control from the wall, with the freedom to choose wall plate designs.

No Hub Needed

No hub or internet connection is required to increase the IQ of your home. With PIXIE, no matter the state of your internet connection or WiFi network, your smart home keeps operating.

Home.

Adapt to your home. Start small and grow.

How smart your home becomes often depends on your budget. Choosing PIXIE means you can start with one or two rooms and expand over time to include the whole home as your budget allows.

Scale the PIXIE smart home to almost any size.

Or you can go all-in from day one and PIXIE-FY your whole home from the day you move in and experience the benefits of a fully automated home.

Simple. Smart. Home

Direct control, scheduling and timing of just about everything

- Indoor and outdoor lighting with superb visual comfort dimming (\blacktriangleright) Ceiling fans, bathroom exhaust fans, heated towel rails (\mathbf{b}) Household appliances, pool pumps, irrigation systems (\mathbf{b}) Motorised blinds, curtains, awnings and windows Garage doors, automatic gates & door strikes for keyless entry (\blacktriangleright)
 - including climate control and security access**

We help new home builders and renovators take control of energy costs and future-proof their homes without changing the wiring, to transform their houses to smart homes simply and cost effectively

PIXIE.FITS.IN.

Adaptable smart modules fit into a wide range of Australian wall plates

We know that home-owners preferred design aesthetics are as diverse as the way they live. That's why PIXIE Fits In to a wide range of wall plate styles available in Australia today.

Rather than limiting home owners to a few rigid styles and designs, or a specific number of dimmers and switches per plate, PIXIE delivers ultimate choice with a simple Click. Clack. Snap. modular approach.

Mix and match dimmers, switches, timers and scene controllers from 1-gang to 6-gang layouts with the look and feel ideal for you and your home.

The Simplicity of Click. Clack. Snap.

Click the Ambience button-caps onto PIXIE smart modules. Clack the PIXIE smart modules into the Ambience Wallplate. Snap on the Ambience Faceplate to match decor and design

> PIXIE Ambience Wallplates come in 1 to 6 gang configurations and accept both PIXIE Ambience and Ambience XL Faceplates and buttons.

PIXIE smart modules control the connected lighting and other loads directly, making it easy to swap over with traditional light switches in existing homes and replace entirely in new home builds.

Common functions like multi-way control - often called 2-way or 3way switching - is also achieved using the PIXIE multifunction controller modules which mount in wall plates in the same manner.

The PIXIE Ambience range pictured here is just one of the many wall plate designs to which PIXIE Fits In.

Control Everything from Anywhere

This familiar, modular approach delivers simple future maintenance and exceptional flexibility in placement and system design.

Click. Clack. Snap

PIXIE Ambience Touch Panel

The PIXIE Ambience Touch Panel provides homeowners a central control hub for their PIXIE Smart Home system.

The Ambience Touch Panel makes it easy for everyone at home to control all PIXIE connected devices such as lighting blinds, fans, appliances and more.

Installation of multiple Touch Panels in the home and the ability to quickly customise each depending on the installation location, makes controlling and managing your PIXIE Smart Home even easier, no matter where in the home you are.

Light level and proximity sensor for

PIXIE Ambience & Ambience XL Faceplate Range

PIXIE Ambience is a modern slimline wall plate range with an understated beauty, colours to match any decor and the simplicity of PIXIE's Click-Clack-Snap approach to future proofing.

The PIXIE smart modules fit perfectly into the PIXIE Ambience wall plates for direct mounting and control, right on the wall. Available in various colours with a choice of 2 faceplates styles which affix to the same wall plate base - Ambience and Ambience XL choosing the ideal look and feel for every room in the home is simple.

PIXIE also fits in to a wide range of common Australian plates.

Its your smart home, your way

Smart Ceiling Fan Control with PIXIE

PLUG-IN module by Hunter Pacific International

Hunter Pacific International provides a plug-in PIXIE module for a wide range of their indoor and outdoor DC powered, V2 ceiling fans.

Once installed home owners have complete smart control of ceiling fan speed, direction and light (if included) from the PIXIE mobile app, PIXIE Touch Panel (pictured here) and PIXIE wall control options.

The plug-in module delivers access to all PIXIE smart home functions including scheduling, group control of all fan control capabilities, scene creation and voice control*

PIXIE TOUCH PANEL PART#:STP54BTAS

WORKS

WITH

On Wall Control, Anywhere

Using the PIXIE Multifunction Rotary Controller, home owners can also control ceiling fan speed and light functions from a single, familiar rotary dial interface.

By installing one or more rotary controllers, homeowners can control their fans from multiple locations throughout their home.

More Control Options

Users control their fan's functions individually, and as groups including scheduling functions to maximise comfort.

Mobile App control from smart phones and tablets includes guick access widget control and voice control capability when enabled in the PIXIE PLUS App.

Simply fit the Hunter Pacific International smart module (part#: PIXIEMO98) into the ceiling fan receiver base to unlock the benefits of smart control for your compatible Hunter Pacific DC V2 ceiling fans.

Smart DC Ceiling Fan Control

Make your home cool and smart

Simply Swap for Smarts

Installing PIXIE smart double power points puts the smart convenience of Bluetooth® mesh into everything you plug-in, increasing the IQ of your PIXIE smart home.

With a range of four interchangeable stylish faceplates and tactile on/off buttons with LED indicators and, the super-special multipurpose button in the middle, the humble power point just got a lot smarter.

The MIGHTY Middle Multipurpose Button.

The middle button puts control of every PIXIE controlled device, group and scene right where you are. And if you change your mind, simply change what's under control to suit your needs using the PIXIE Apps.

Safety & Power front of mind. Lock-out manual operation with child-lock functionality and keep track of power consumption for each socket.

Individual control and scheduling. Each socket can be controlled separately, manually and from the PIXIE apps with 24hr 7 day scheduling built-in to each too.

Ambience Faceplate Colour Options

Optional coloured faceplates in matt-black and matt-charcoal accompany the standard gloss-white, matching the PIXIE Ambience face plate aesthetic. Additionally differently styled white-gloss-only faceplates can be used to create design consistency when looking to match power points and wall plates from common selections in the market.

Its your home made smart, simply.

Make dumb things smart, simply

Hey Alexa, We're Home! Hey Google, We're Home! Hey Siri, We're Home!

Everyone in your family can control your home simply with their voice. With PIXIE's wide choice of voice assistants, you choose which suits your family best.

Control your home with your voice

PIXIE Ripple Shield® Dimmer **Bluetooth** PXE MASTER

Flicker Free Dimming

Dimmer #SDD400SFI

Eliminate annoying LED down light flickering simply. Combining the PIXIE RippleShield dimmer with a range of RippleShield enabled down lights is all that's needed. This combination is immune to off-peak ripple tone injection found in NSW and Queensland and delivers an exceptional dimming experience, simply. RippleShield also works great for OFF-GRID homes and SOLAR powered homes.

- Familiar push button dimmer control with no flickering
- Smooth flicker free dimming to 1%
- Superb visual comfort with soft start / stop as standard
- Compact form factor allows for up to 6 Gang dimming wall plates
- Fits most branded switch plates and PIXIE Ambience plates
- Smart functions and configuration via PIXIE or PIXIE Plus app

More Information

RIPPLE

How Does RippleShield Work?

SIMPLE, EFFECTIVE, FLICKER FREE

The SDD400SFI dimmer is simple for your electrician to install just like a standard 2 wire dimmer. Likewise installation of the RippleShield enabled downlights with their flex and plug provided, is a plug-and-play installation when plug bases are already installed in the home.

NOT JUST SMARTER

All the smart home intelligence of PIXIE is included in each RippleShield dimmer and using combinations of SFI and non-SFI dimmers is possible.

If homeowners don't want any PIXIE smarts, the flickering is still eliminated and the RippleShield dimmer is used as a simple pushbutton wall dimmer.

Say Farwell to Flickering Forever

Eliminating LED downlight flickering comes with a choice of designs and colours to meet the needs of every home. Choose from flicker immune, recessed, low glare downlights in different sizes or a more traditional LED downlight form factor with flat disc styling and tri-colour light selection.
