PIXIE Smart PIR Sensor Indoor Ceiling Mount

As a smart sensor, capabilities including switching the working mode among motion sensor mode, override-on mode and override-off mode is as simple as a tap on the phone, or a push on a button; or even automated as part of a schedule.

Features

- 3 operating Modes: AUTO MODE | OVERRIDE ONE MODE | DISABLED MODE
- Simple 3-wire installation - Neutral required.
- No minimum load requirement
- Compatible with PIXIE Multifunction controller for Mode switching simply by pairing a multifunction to the sensor
- With the PIXIE Gateway* and PIXIE Plus app using PROGRAMode, its possible for the sensor to control any device/s in a PIXIE Plus home, even if they are not directly connected to the sensor physically.

Electrical
