PIXIE Ambience Touch Panel	#STP54BTAS

The PIXIE Ambience Touch Panel elevates the smart home experience with a native, centralised, wall mounted hub to control every PIXIE device in the home. Featuring a 5.5inch full colour touch screen and 4 x PIXIE Multifunction Control buttons on-board for quick access to common devices, groups and scenes.

Features

- Simple installation with choice between PoE or simple DC power supply for power and LAN or WiFi for network connection
- Easy to mount using provided template and sturdy wall mounting bracket, directly into standard Australian mounting hardware and single plate penetrations.
- Proximity sensor to illuminate screen on approach for rapid access
- Light level sensor automatically dims touchscreen based on ambient light for superb visual comfort
- Screen saver, time & weather function to save screen add utility and / or black out completely according to customer configuration
- Control through multiple PIXIE Gateways for very large homes
- Requires the PIXIE Gateway (SGW3/BTAS*) and free PIXIE PLUS App to operate.

Electrical

|	
Power^	15w DC minimum
PoE	via RJ45 @ max 48VDC
Screen size	5.5inch full colour
Operating ambient min/max (°C)	0 to 40°
Network Connectivity	LAN cable or 2.4GHz WiFi
