

# Smart Ceiling Fan Control with PIXIE

PLUG-IN modules from Hunter Pacific International and Ventair.

PIXIE Works With global fan brands to introduce smart fan ceiling fan control from Hunter Pacific International and Ventair, with simple PLUG-IN Modules

Once installed home owners have complete smart control of ceiling fan speed, direction and light ( if included ) from the PIXIE mobile app, PIXIE Touch Panel (pictured here) and PIXIE wall control options.

The plug-in modules delivers access to all PIXIE smart home functions including scheduling, group control of all fan control capabilities, scene creation and voice control\*

6 & 9 Speed fan control with intuitive dial interface and animated fan graphic for simple user feedback.

Select between cool white, warm white and daylight on light enabled models and adjust light intensity.

Operate comfort timers minimising energy usage automatically

PART#: SMFR/BTAS

### On Wall Control, Anywhere

Using the PIXIE Multifunction Rotary Controller, home owners can also control ceiling fan speed and light functions from a single, familiar rotary dial interface.

By installing one or more rotary controllers, homeowners can control their fans from multiple locations throughout their home.
