Gateway

Touch Panel

The Smart Home Market — Where PIXIE Sits

PIXIE gives electricians a professional product they can install with their existing skills — and clients who get genuine capability without the top-end price.

Install. Scan. Control.

01

Install

Standard Australian wiring.
No special cabling required.
No costly infrastructure changes.
Your existing skills.
Your existing tools.

02

Scan

Bluetooth mesh self-configures.
Add devices, pair controllers,
set up scenes — fast.
No specialist programmer.
No programming laptop.

03

Control

PIXIE PLUS app, voice assistant,
wall controller, or Touch Panel.
No ongoing programming required.
Your client is in control
from day one.

Works without Wi-Fi or internet. The PIXIE Gateway unlocks remote access and voice control — no monthly fees.

One Ecosystem. Every Circuit.

Lighting — Dimming & Switching

Every lighting job, every fitting. Residential to full commercial.

Standard dimmers · DALI2 commercial · 0-10V · RippleShield anti-flicker

Timers, Sensors & Scheduling

Automating spaces your clients use every day.

PIR motion sensors indoors & outdoors · occupancy control · run-on timers

Air Conditioning Integration

Daikin and Mitsubishi AC controlled from the same app as everything else.

Ducted systems · split systems · zone-by-zone wireless control

Ceiling Fans

Fan speed, light intensity and scheduling — no separate controller.

Hunter Pacific · Ventair Skyfan FanLink · Big Ass Fans

Motorised Blinds, Garage & Gates

Open, close and schedule — no wiring between floors or rooms.

SOMFY · B&D · Merlin · Velux · Breezeway

LED Strip, Accessories & Power

Colour-tunable strip lighting and smart power points in the same ecosystem.

RGB · CCT · RGBWCCT · COB kits · smart GPOs

CLIMATIQ — Air Con + Fans + Lighting. One Wireless Ecosystem.

- Air Conditioning
- Ceiling Fans
- Smart Lighting – Intensity & Colour
- Zone Control

One app. One system. Zero extra cabling.

Daikin Ducted AC + Zone Control

Fully integrated, wireless, no extra cabling between zones.
Complete zone-by-zone climate management.

Mitsubishi Electric & Mitsubishi Heavy Ind. Integration

Split and multi-head ducted systems — deep integration
via the PIXIE PLUS app.

Ceiling Fan Control

Hunter Pacific · Ventair Skyfan FanLink · Big Ass Fans
Speed, light intensity, and scheduling from a single app.

More capability. Standard wiring. More jobs won.

Beyond the Home — PIXIE Smart Spaces

SMART
SPACES

PXE

- Pubs & Clubs
- Restaurants
- Hotels
- Gyms & Studios
- Commercial Offices
- Warehouses
- Car Dealerships
- Sports Facilities
- Houses of Worship
- Healthcare

**Same installation skills. Same products.
New commercial revenue.**

No Special Wiring

Standard Australian electrical practices throughout. No proprietary infrastructure or data cabling required.

Wireless Bluetooth Mesh

No cabling between devices. Reduces installation labour and materials cost on every commercial job.

Full Dimming Protocol Range

Trailing edge · DALI2 · 0-10V · PWM for LED strip. All protocols covered for any commercial fit-out.

You Earn While You Work

Earn Points

Earn PIXIE Points on every qualifying product purchase through your electrical wholesaler.

Redeem Rewards

Redeem through the PIXIE Redemption Programme — a growing catalogue of real rewards.

BOGO Offers

Buy One Get One Free offers on selected products available throughout the year.

Fast Claims

Claims processed directly — recent process changes make it faster than ever before.

PIXIE
